

FirstHome Hazelton Place: The latest in a long-line of super successful first-time buyer communities

When it comes to providing first-time buyers with new homes in great new communities, [The Daniels Corporation](#) really knows what's up. After all, they've already done it uber-successfully ten times!

Now they're launching their eleventh foray into exceptional affordability with [FirstHome Hazelton Place](#). Located in Mississauga's Erin Mills area, [Hazelton Place](#) is looking to emulate the success of [Daniels'](#) other FirstHome projects while forging ahead with unique new features.

The collection of one and two storey condominium townhomes feature one, two and three-bedroom designs starting from \$199,900.

The project is already under construction at the corner of Plantation Place and Hazelton Place and will sport a new environmentally responsible feature, a greenhouse and gardening plots.

To help out the first-time buyers that will be flocking to the site, [Daniels](#) is offering their Live Free program that allows the interim occupancy fee to be waived until the condo registers. This means that purchasers can move into their new home within 30, 60 or 90 days and pay only the deposit payments each month until they reach 5 per cent down or final closing. [Daniels](#) will also offer a "Gradual Deposit Payment Plan" which requires buyers to pay \$2,500 with the Agreement of Purchase and Sale, then another \$2,500 within 10 days of the purchase and finally \$1,000 every month until they reach 5 per cent of the purchase price or they move into their home. Amazingness!

Considering that FirstHome Long Valley [sold out in only one day](#), this is an opportunity that won't wait around for you to hum-and-haw about it. Get to that registration page fast!
