So there's a ton of luxury developments sprouting up around the GTA. But what about the little guy? What about the guy (or gal) that doesn't want to pay \$500,000+ plus for a home? Well, your saviour has arrived, in the form of [Daniels FirstHome Brampton](#) [map].

Preview sales events will take place on Wednesday, July 7th and Thursday, July 8th and with Daniels' last FirstHome community in Erin Mills selling out in just hours, if you're serious about buying, you'd better be there!

Beginning sales this Saturday, July 10th at 8 a.m., Daniels will be selling new condominium townhomes starting from the low price of \$159,900.

*Wow!* And it's not just the prices that are notable, it's also the move-in dates. No waiting for ages while your home is built, move-in dates at FirstHome Brampton will be 30, 60, or 90 days after purchase. That'll make you even more excited about buying your first home!

And another thing: Daniels doesn't just *say* "for first-time homebuyers", they stand behind it. They offer a Gradual Deposit Payment Plan that makes the 5% deposit easier to make. Basically, you pay \$2,500 when you agree to purchase the home, another \$2,500 within 10 days of the purchase, and \$1,000 every month thereafter until they reach the 5% payment. Plus Daniels works closely with RBC to cap mortgage rates at very low levels.

So first-time homebuyers rejoice! There are still affordable homes! You just have to make sure you're first in line. So make sure you get out of bed in time...after all, this is likely the largest purchase you'll ever make in your life. You'll kick yourself if you don't!
